Subject: Re: TCBA Origins Results Grand Rapids v Waukesha -- For all the marbles . . .

Jeff, heading through town to spend the weekend chasing rug rats, allowed us to play face to face.

A different kind of write up, highlighting noteworthy and bizarre factoids . . .

Those interested in a three way playoff will have to read to the end.

Factoid 1: Ralph "Ducks on the" Pond. Waukesha LF and Wisconsin native was 8 - 20 2 RBI and a run in the series. Historically, a played 1 game for Red Stockings and was 1-4 with a SB and a strikeout.

Factoid 1B: Pond had 1 error on one chance for the Red Stockings, and a 4 base error in game 5 vs Grand Rapids to Roger Breshnahan in the 7th

Factoid 2: Honus Wagner. Known for his speed, hitting and defense (a grade 8 SS) was 10-20 with 2 doubles a homer, and 4 walks, 2 SB and a caught stealing in game 5. Add in 5 errors.

Factoid 3: Addie Joss. Literally pitching from his death bed (He died in April 14, 1911) Won game 1 on a 4 hit shutout, a no no into the 7th. Came back on short rest in game 5 and went 8 1/3.

Factoid 4: Eddie Cicotte was only 24-4 on the season. Eddie sacrificed (his body) trying to squeeze in a game 5 run, Buddy Groom plunked him.

Factoid 5: MLB was playing with the ball. Three HRS by the two teams in game 2. (Wagner, Stahl, and Devlin.)

Factoid 6: Freemen 4 - Wolverines 0 Gm 1 (Freemen are 2 out with 4 to play)

Factoid 7: Freemen 4 - Wolverines 9 Gm 2 4 insurance runs in the 8th. (Freemen 3 out with 3 to play

Factoid 8: Freemen 5 - Wolverines 3. Gm 3 (Freemen 2 out with 2 to play)

Factoid 9: Freemen 8 - Wolverines 5 Gm 4 (Freemen 1 out with 1 to play.)

Factoid 10: Joss v Cicotte. Gm 5 (154) Scored tied 2-2 after 8

Factoid 11: Groom's HBP to Cicotte loaded the bases.

Factoid 12: Bresnahan (0-10) in the series, singled in the lead run.

Factoid 13: Johnny Bates add an insurance RBI

Factoid 14: Freemen got the tying run to the plate with 1 out in the 9th.

Factoid 15: Mike Mowrey popped out to end the game and the season.

Factoid 16: Congrats, Jeff.

Factoid 17: In 1907, Mirthmakers won the pennant by 1 over Waukesha and 3 over Grand Rapids

Factoid 18: in 1910, Grand Rapids wins the pennant by 2 over Waukesha and ?? over Pittsburgh

Factoid 19: A Pittsburgh sweep over Mimosa would put them 1 out.

Three of our four Divisions came down to the final series. We had the possibility of a 3-way tie in the Kirwin Division, but Grand Rapids prevailed on the final day, defeating Waukesha to clinch the title, eliminating both the Freemen and Pittsburgh. Bradenton maintained their lead over Mexicali's final charge under Al Keefer's guidance to win the McCorkindale Division.

That left the final drama in the Mahley Division, where the South Starrucca Ainspans took a 1-game lead over Hyde Park into the final five games of the season.

Here's a day by day recap of the games between

Cleveland Spiders @ South Starrucca

and

Long Island @ Hyde Park

- Well, we have a 5 game series with the eight legged insects, that will determine the fate of the Mahley Division. (Along with the HP/LI series results)
- Starrucca holds a 1 game edge over HP after 149 games, but the Vities have an easier path to the Finish Line.
- Probably the main barrier between the Ainspan's and Division Victory is going to be Big Ed Walsh. Gr 18yz with a 1.17 ERA and 27 wins, the only thing I know for sure is that he isn't going to get 30 wins this season. He is going to get two starts though.
- Our only hope in these games is that the Spiders offense continues as the leagues worst. He's at the bottom of the 16 teams in the league. Starrucca has good pitching overall, but nobody of Walsh's caliber. Maybe they won't need it. Here we go!
- GAME 1: Big Ed Walsh will match up against Starrucca's Louis "Disco" Drucke. He's been the Spans best pitcher this year with a 1.97 ERA and 19 wins. He's love to get his 20th here.
- Bot 1....Oh Boy! Walsh sets the tone, he NAILS my leadoff hitter right off the bat, and knocks him out of the game for the rest of the day.
- Devore is summoned to run for him....and he STEALS secondbase immediately. We want to make Walsh pay for that pitch to the ribs.
- But that's as far as Devore will get, as Walsh sets down the next three batters.
- Bot 3...no score so far; Starr leads off with Tom Jones, the least likely hitter in our lineup to get an XB hit, and he triples off the wall. We'll need luck like this to get to Walsh. Jones will score on a sac fly, and after 3 innings, its 1-0 Starr.
- Bot 4...Becker grounds to Cleve shortstop, who BOOTS the ball for an error. Home Run Baker follows with a double to score Becker, and SS is up 2-0!!!
- Top 7....Spiders Kitty Branfield leads off with a gift as Span pitcher muffs his grounder back to the box, and Kitty is on. He makes his way around the bases and comes around to score on a sac fly, making it 2-1 Starrucca. The run was unearned, so Drucke will get advanced for the top of the 8th.

Okay, we go to the 9th inning, Drucke advanced to a Grade 20 and clinging to a 2-1 lead.

Top 9...it'll be the 2-3-4 of the Spider batting order:

- -Turner up (not Tina)....he doubles. !!!!!
- Now, I gotta stop here and give some background. Turner is about the least likely batter in the Cleve lineup to get an xbase hit...and he's now got TWO of them today. For the season, he hit 5 doubles and 3 triples total. He picked a great time to load up on protein powder before the game. :-0
- -Tommy Leach up (probably the best hitter on the Spider team)...he squares and tries to sac. Pops up to the pitcher for one, who turns and throws to second....SAFE! Turner just gets back to second. Almost a double play.
- -Kitty Bransfield up (2nd on the team in rbi's....he washes his face and comes to the plate).....he grounds to short, who throws to first, and is OUT.....but the runner, Turner, moves over to third. There was anxiety in the dugout, as my shortstop, Doolan, has made 55 errors this season, plus one more today! A grounder to short is an adventure this season that leads to the creation of new swear words. :-0
- -John Titus up (he has nothing of note to mention other than that this is his 620th plate app of the season.) Drucke has to pitch from the stretch to keep the runner on third honest......
- * J. Titus facing L. Drucke, T 9th, 2 Outs, Runner on 3rd, Behind 1-2
- Drucke watching Turner at third ... the pitch ... there's a drive to deep left
- it's going to be a long run for Devore ... near the warning track ... but he says he's got it
- and he does ... against the wall ... and that's out number three and the game

FINAL SCORE: Spiders 1, Ainspans 2

Whew!

Well, we beat Walsh the only way one can beat Walsh, by a very close, very low score. Drucke matched him inning for inning, and comes up with his 20th win of the season!

We will be seeing Walsh again, in Game 4, and I can't say I'm looking forward to it!

Trailing the division-leading Ainspans (86-63) by a single game, the <u>Vitamen</u> (85-64) need to play their best, even with the cellar-dwelling (44-105) Islanders as the opponent. There is really no margin of error.

The <u>Vitamen</u> gathered around the radio, waiting for news from South <u>Starrucca</u>. Just moments after the announcement of the 2-1 <u>Ainspan</u> victory in Game 1, the umpires called "Play Ball" in Hyde Park.

Opening the series on the mound for the Islanders is 13-game winner Jack <u>Warhop</u> (13-16). He represents 30% of the team's wins this season, and he has won 3 of his last 4 starts. <u>Warhop</u> has faced the <u>Vitamen</u> 4 times this season, with a record of 1-3. He was bullied by the <u>Vitamen</u> in his previous 2 starts, losing 19-2 and 9-0.

Opposing him for Hyde Park is Charlie Smith (14-6). Smith has won his last 6 decisions, including a 4-1 complete game win over the Islanders on August 4th.

Right away the Islanders get runners to 2nd and 3rd, but Jimmy Mac flies out to deep CF to end the threat. It's Jimmy Mac again in the 2nd inning, but this time using his foot instead of his glove, booting a groundball that gives the <u>Vitamen</u> their first baserunner. Lord steals second (#38) and scores on Wallace's single. HP leads 1-0!

There was a tense moment in the 2nd when <u>Warhop</u> drilled Charlie Smith with a fastball. A lot of shouting and stepping from both sides as Smith wandered to first, sore but functional, for now. That loaded the bases – a chance for HP to take the game right there... but Warhop shuts the door.

The Islanders strutted about like tough guys, Jake Daubert proving it with his 7th home run in the top of the 3rd, tying the score at 1-1. Their gloves, however, were equally rough (5 errors). After Killefer dropped a pop-up in front of home plate to open the bottom of the 3rd, Schulte's FC scored Hooper. Then Lord's single to right field was misplayed by Moran, allowing another run to score. Vitamen lead 4-1!

Trailing 4-1 in the 5th, Warhop once again hit a batter, this time it was Bobby Wallace, drawing a warning from the umps, but no serious injury.

In the bottom of the 7th, trailing 5-1, Warhop finally succumbed to the pressure of the game, departing with (he says) a 5-game injury, resulting in a lot of chirping from the <u>VitaBench</u> questioning <u>Warhop's</u> manhood.

With the run support, Charlie Smith (15-6) maintained command, closing out a complete game 5-hitter. HP wins 5-1 and keeps pace with the <u>Ainspans</u>.

Tm	R	Н	E
LI	1	5	5
HP	5	8	0

After hearing of HP's win in Gm1, we sally forth to Gm2 with our positions in the standings unchanged....but another day off the remaining schedule. We are now down to 4 games left, and Starrucca would be happy at continuing this status quo for a few more!

#2 PreGame:

- -Spiders will throw Cy Morgan (Gr 17w). He will try his best Cy Young impersonation, though without the control. We aren't going to get that many hits against him, but we're going to try and walk more people unscathed across Home Plate then you'd see at the Mexican border.
- Cy has compiled a .500 record this year off of a 2.37 ERA. We do not fear him as we do Big Ed Walsh.
- -Ainspans will counter with Doc White (Gr 8z). A polar opposite in that he gives up hits but is very stingy about walking people. A lefty, with a 3.34 ERA and an uninspiring 8-13 record, we comfort ourselves a bit with the fact that he tallied some of that before coming over in a trade deadline deal from the Feeble realms of Long Island.

Here we go!

GAME 2:

- Bot 1....'sigh' Morgan walks two and a double drives one in. (should have been 2, but Chicken Stick is afraid to send the second runner home and the next two batters make outs. We may regret this move later). But so far, the 'walk' strategy is working.
- Bot 2....Wow! Big Inning for Starrucca, Morgan a 'victim' as the normally reliable Spider fielders have some breakdowns out there.
- Single and error.....out......(that's two outs).....double scores one.....strike out/BUT the catcher drops it, batter safe at first. Walk......and a bases clearing TRIPLE by Beals Becker!
- Becker has driven in 4 of 5 Span runs, and Morgan has allowed 5 runs but only 1 earned.
- -Thru SIX complete; its 5-0 Starrucca and Doc White is getting out of a few jams, while now advancing to a grade 13. And the game finishes up at a 6-0 Starrucca WIN as Doc White tosses 8 shutout innings.
- Cy Morgan deserved better, but the 5 walks did not help his case any. And the Cleve offense is going to have to do much better in the future.

And like the song by WHAM in the early 1980's: "Wake me Up before you Go-Go!".....the Spiders better muster their offense before the season is done and gone.

-the ball goes back to Hyde Park for Game 2.

So, the Ainspans have won another one. Still three more to go in that series.

The Vitamen need to take care of their own business, no matter what happens up north.... Control what we can control.

Game Two - Kirby White (8-11) gets the nod for the Islanders, while King Cole (23-9) on short rest (30) is Hyde Park's response. It's a King Cole gamble, but the Vitamen are planning for a potential tie-breaker game with the Ainspans, with Cole possibly available on 3-days rest. But first, they need to get past White and the determined Islanders. Hopefully the short rest won't be a factor.

But the gamble does not pay off! Cole survives a Zack Wheat double in the 1st and a 2-out walk to Browne in the 2nd, but he can't get past Wheat a 2nd time. Zack's bases-loaded triple in the 3rd puts the Islanders on top 3-0!

Meanwhile, the VitaBats are silent. A couple of walks and a minor single, but no runs. None, that is, until Schulte's triple leads to a run in the 4th following a run-scoring wild pitch from White, only his 4th this season.

Down 3-1, the Vitamen turn to their league-leading defense to try and turn things around. Kirby White led off the top of the 5th with a double, moving to 3rd with one out. With the infield pulled in, a grounder to 2nd, 2b-9 Dave Shean throws home to nab White for the 2nd out. Then Cole picks off the runner at 1st! No runs score. But it is still 3-1 LI.

Energized by the team's defensive prowess, Hooper led off the 6th with a single, scoring one out later on Schulte's triple. Then Lord singled to tie the game at 3-3! Then the flip side of the defensive coin appeared, the side with the Islanders logo. A 2-out single to left was misplayed by Browne, allowing Wallace to score all the way from 1st. HP takes the lead, 4-3!

No quit in these Islanders, however. Moran opens the 7th with a single, but he is tagged out at 2nd on a solid throw from Hooper. With 2 outs, the short-rested Cole begins to fade, walking two batters. If he is not pulled now, he won't be available for any potential tie-breaker. He's obviously tiring... So the change is made, bringing on Fred Olmstead (10-9, 3 saves.) Moriarty drills Olmstead's first pitch to right.. but Dave Shean is right there to snag the L4 3rd out. Olmstead ends the threat. Phew!

White was still pitching for Long Island in the 7th, but Schulte's 2-out double plated a 5th run and ended White's day. He was replaced by Jiggs Parson (2-1, 2 saves), who allowed an rbi single to Lord. 6-3 HP.

Slim Sallee took the mound for HP in the 9th. He made things interesting, allowing a single to Moran, but no more. Vitamen win Game 2, 6-3. Three games left in the regular season. C'mon, Spiders! Just get us one win, and we will do the rest...

With news that HP also won their Gm2....that puts both of us at 2-0 for this series. Standings the same; SS one game up, but, only 3 games left in the season. Better to be the Chasee at this point, rather than the Chaser.

Starrucca coming off a nice offensive outburst last game, scoring six runs with ten hits. We DO lead the league in Runs per Game, so its not unexpected, but very appreciated.

The Spiders have posted ads around the ballpark that they are willing to sell two of their eight legs for a couple of runs. (any more legs than that, and they'll have trouble making it around the basepaths!) :-0

-Gm3 Pregame:

Cleve will throw Harry Gaspar (Gr 10z) who doesn't walk more than he should, doesn't give up more hits than he should, doesn't have a much higher ERA (2.95) than he should..... he just has a very hard time getting as many WINS as he should. 9-18 ?!?! wtf?

He had a 7 game NO WIN streak, meaning starts in a row without a win, and that rates as tied for 3rd longest in the league this year! AND like Rodney Dangerfield, he gets no respect. Or at least he gets no run support. Gaspar gets the 4th WORST run support in the league.

These are NOT good combinations. Starrucca would normally be putting this one in the 'win column' pregame.....but we also know Baseball is a funny game, and what has held true for the last 151 games, doesn't mean things will continue along the same path for another 3.

But, all those underlying numbers sure do explain a 9-18 record!

Ainspans counter on the mound with Jack Quinn. (Gr11 z) He too is a bit short in the W-L column with a 13-14 Record and no underlying numbers that would cause the lack of wins to happen. On the contrary, he has the 9th BEST Run Support behind him in the league??? So we tend to hit well behind him, but he still loses the game? A headscratcher. Lets see how this one plays out.

GAME 3:

- Top 1.....Cleve loads the bases with two outs......and Dots Miller bounces out to the pitcher to end the inning. We breathe a big sigh of relief.
- Bot 1.....Ouch! Cleve pitcher Gaspar nails my batter, Devore, in the ribs! Takes him out of the next FIVE games!!! Devore is a classic top of the order hitter. He will be missed, but hopefully the rest of our batters will be pissed.
- Bot 2....Starr gets a single, then a bad throw by the Cleve pitcher for an error give us a first and third with nobody out situation. We end up scoring one on a sac fly. We wanted more, and Cleve is happy to get out of it with just one....so I guess everybody is happy. SS up 1-0.
- Top 3......Cleve gets a two out double, two out single, and just like that; it's a tie game...1-1.
- Bot 3.....Ainspan Larry Doyle walks. Steals second; throw skips into the outfield for an error, Doyle goes to third. Beals Becker hits a twisting fly to right, on the line....for out #2, and Doyle takes off for home......he's SAFE! Spans take a chance, and it pays off; Starr regains the lead 2-1.
- Bot 4....Micky Doolan (NOT the one on the Monkees) leads off with a double. Gets sac'd over to third, and with one out, he's willing to do whatever necessary to score. But Hohnhorst, hitting for Tom Jones, mightily strikes out!! Oh, the horror. Leaves the pitcher, Quinn, to hit, and its way too early to pull him for a pinch hitter.
- Oh boy! We get a huge break. Cleve makes their THIRD error of the game, and we're only in the 4th inning! Spans haven't been much better, with 2 of them already, but Gaspar needs some gloves behind him if he's expected to win. Spans take a 3-1 lead heading into the 5th.
- Top 5.....Cleve ain't going down without a fight.
- Tommy Leach singles, gets moved to second, and with two outs, comes speeding across home plate on a single by Big John Titus....or maybe its John Big Titus, I can't remember, too many distractions! Cleveland closes the score to 3-2.

Top 7.....its the Spiders Tommy Leach up again, and he lashes a double with one out. Bransfield moves him to third with two outs, and it'll be up to Titus again. Titus with a good eye, WALKS.

Now 1st and 3rd for Dots Miller. Dots hitting .204 on the season....he's due.

And now, he's doo-doo. Miller flys out harmlessly to leftfield to end the inning.

Bot 8....Spans Jim Delehanty walks to lead off. Beals Becker goes hit and run and TRIPLES him home, before getting thrown out at home trying to stretch it! Another ribbie for Beals. Big, big run....now 4-2 Starrucca.

Top 9....the Spiders send up their 1, 2, and 3 batters......and Jack Quinn sends them back to their dugout, 1, 2, and 3. Quinn tosses a complete game win in a Classic 1910 ballgame with a variety of singles, walks, errors, sac flys, and sac bunts. Onesy-Twosy baseball with Starrucca getting more onesies than Cleveland today.

Quinn evens his seasons record at 14-14, while Gaspar ashamedly moves to 9-19. But he pitched better than the loss indicates.

Bounce the ball back to HP for their turn.

Game Three – Islanders send their golden boy, Ray Golden (3-17) to the mound to face Bob Ewing (14-13). Ewing has faced LI three times this season, pitching three complete game victories. Golden had one start against the Vitamen, a 10-4 loss in August. In that game Golden struck out 11 batters, allowing 13 hits and 5 walks over 7.2 IP.

Hyde Park spotted Ewing to an early 2-0 lead with a pair of runs in the 1st inning. Hooper's double earned one, but it was an E9 from Moran that gifted the Vitamen with another. 2-0 right away. But that "right away" worked both ways. Jimmy Mac broke out of his 0-8 slumber with a2nd inning single. He scored easily on Killefer's triple. The Isles' catcher soon scored on his own, thanks to a passed ball. Rapidly, and somewhat sloppily, the game was tied 2-2 after 2 innings.

In the 3rd, Daubert and Wheat singled. Sweeney followed with an infield dribbler that resulted in a run scoring. LI led 3-2. No further runs scored that inning, but in the process, Ewing hit Moran with a hard ball. Moran took the full brunt of the pitch, all the way to the bus station. He'll need 19 days to get over the bruise. But it didn't feel too bad at the time; his team led 3-2.

The score was still 3-2 heading into the 6th when the VitaWheels began to spin out of control. The Isles 8th and 9th place hitters each singled, setting up Moriarty, who doubled them both home. That was the end of the day for Ewing, as Slim Sallee was brought on to plug the dyke. LI had built a hefty 5-2 lead, while the Golden Boy was rolling right along through the HP batters, his grade advancing from 4 to 9 in the process.

Facing the freshly upgraded Golden, Lord reached base on an E2. Shean singled Lord to 3rd, and then stole second. A passed ball scored one run, but then **DISASTER!** Catching stalwart Paddy Livingston was hit by a Golden pitch, knocking him out of the game. Out of the series. Out of the season (27 days.) That really hurts. Stevenson can handle the glove work, but he is no match for the productive Livingston. Newnam ran for Livingston and was caught stealing. With two out and down two runs, pitcher Slim Sallee was left in to bat for himself, a bit of a white flag move trailing 5-3. Slim never moved his bat, drawing a Golden walk. That loaded the bases for Hooper. Harry mashed a legit triple, scoring all three runners! The white flag was pulled down. HP now had a 7-5 lead!!!

The Vitamen scored 5 more runs in the 7th to take a 12-5 lead, but Sallee himself committed 3 errors, allowing 3 unearned runs, and the Islanders crawled back to within 4 runs, 12-8. Harry Krause came on in relief of Sallee in the 8th and survived 2 innings to close out a thrilling 12-8 comeback win for the Vitamen. Sallee (5-7) earned the win. The loss of Livingston will be a tough one to deal with, but play-off hopes are still alive in Hyde Park, with only two games remaining.

State of the Division Race:

BOTH HP and Starr have won their first 3 games of the series. Vities remain one back, but the clock on the wall is ticking.

For HP to WIN the division....he has to win both remaining while Starrucca loses both remaining games.

For HP to TIE in the division....The Spans will probably have to win only 1 while HP wins their last two......OR Spans will have to lose 2 while HP wins 1. There's not too many other options here.

Game 4 Pregame:

- -Big Ed Walsh comes back to make his second start of the series. He's got 38 WB's and he is threatening anyone who comes out to the mound who trys to remove him from the game before its over.....and that includes extra innings!!!!
 -Spans counter with Doc Crandall (Gr 13/15*Z M) with a 13-14 Record! He seems to be one of a few quality starting pitchers that can't even come up with a .500 output? How the heck does this happen with teams that are in the upper half of the Division? Doc has that M after his grade (probably an abbreviation for "Motherf88888r!" which is what he's been yelling after giving up another Tater! He's given up 11 so far, which is only ONE less than the MOST in the league. That honor belongs to Buddy Groom of Waukesha, with a dozen. Maybe THAT'S why Crandall has had trouble winning as many as he loses!
- Against Ed Walsh, its only going to take one of those M rated dingers against Crandall for Cleve to emerge victorious today.
- "Just roll a 6!" Mgr Jennings tells the Spiders, "And Doc Crandall's letter will take care of the rest!".
- -Ainspan outfielder, Devore, will be sitting for the next 4 days with a boo boo from yesterdays hit by pitch. That'll hurt, but, we do have a reputable backup, so it won't bury us.

Here we go!

GAME 4:

- Bot 1.....In game 1, Spans Steve Evans led off the game against Walsh by getting drilled in the head. He had to leave the game. Today; he gets his revenge. First pitch he gaps a double in the gap and he's standing on secondbase glaring at Walsh with a smug smile across his face.
- But Big Ed Walsh didn't get this grade 18 for being a Putz.....he strikes out the next two batters and ends the inning with a groundout. Evans never got further than secondbase. (which sounds similar to my high school dating life)
- Bot 2....A grounder right at Spider's Kitty Bransfield goes right between his legs, under his tail, and on into rightfield for a Bill Buckner Error. Dooin follows with a hit and run single, and we again have Walsh a bit on the ropes, thanks to his porous defense.
- A Span single scores one run....but that's all they get! SS leads 1-0 after 2 inn.
- Top 3....Spider leadoff hitter, Mitchell, doubles off the wall. (it almost went over) A FC and a groundout brings him into home, and it's a tie ballgame. 1-1
- Bot 5.....still 1-1......A single by the Span #8 hitter, and then a grounder back to Ed Walsh....Big Ed makes a Big E as he throws the ball past the firstbaseman. Span runners on 1st and 3rd, nobody out. "Another fine mess you've gotten us into, Ollie." Can Walsh work his way out against the top of the order?
- Well, somewhat.
- Evan's grounds into a double play, but the runner on third scores. Walsh really couldn't have hoped for much of a better outcome than that. Spans up 2-1. And its bringing up memories of the final Gm1 score.
- Top 8.....Still Spans up 2-1.....times starting to run out, Cleve needs something within the next six outs. Spidies get a leadoff single, but the next batter tries to sac, and they pop it up to the catcher who snags it in the air, fires down to first, and DP's the runner diving back to first! Huge play!

- Bot 8....Ed Walsh sets down the first two Span batters, and his mind drifts to the 9th inning where he will be leading off. But Beals Becker takes advantage of the distracted Walsh, and puts a charge into the meatball as it comes across the plate. Its going, going, GONE! Over the wall for a big Insurance Run. Walsh had given up 2 runs up to this point, neither of them earned as Cleve has made 3 errors, but this dinger was the Real Deal. Spans up 3-1. Top 9....here we go...Doc Crandall is tossing a beauty, only giving up 2 hits and 1 run so far.
- -Ed Walsh due up, gets called back for a pinch hitter. Its Craig Shifflett. Huh?? What the heck? I can see four other batters on the Cleve bench that I'd pick before I put CS in there. (hey, Craig's initials are the same as his teams!)
- -Shifflett grounds out for out #1. (Blame Ned Jennings)
- -Terry Turner grounds out to short for out #2.
- -Down to their last out.....John Titus comes to the plate. (If Starr wins this game, it guarentees them at least a TIE for the Division) and (a little known fact; you can't spell Titus without Tits)
- Titus grounds to the Span shortstop, who BOOTS it! He BOOTS it! He freakin BOOTS it! Mickey Doolan with his 58th error of the season! And he calls himself a shortstop 8! (With another game left, he's got a shot at an infamous 60!)
- -So now, with another life, up comes Tommy Leach; the Spiders best hitter. Argghhh. With that 'M' after my pitchers name, we can afford a 2 run dinger here, so we go to the Bullpen, and bring in Al Carson, only an 8*, but he's got an H for a homerun letter. Hopefully that keeps the ball in the park. And a fresh arm can't hurt.
- -Ok, here's we go.....the pitch to Tommy Leach....
- * T. Leach facing A. Carson, T 9th, 2 Outs, Runner on 1st, Behind 1-3 And the pitch ... Leach swings ... it's hard and long ... sending Evans back will it be deep enough? ... nope ... Evans's there ... he squeezes it and that's the last out of the game

FINAL SCORE: Spiders 1, Ainspans 3

Game Four – Well here we are. It's the penultimate game of the regular season for the Vitamen. Word has already spread through town that the Spiders have succeeded in hanging a loss on the Ainspans, leaving the door open for a potential tie-breaker game #155.

But standing in the way are the Long Islanders, who do not wish to be anyone's entry mat. They will send Farmer Ray (6-14) to the mound to oppose HP's Doc Scanlan (12-13). Ray lost two starts against the Vitamen earlier in the season, while HP won all three of Scanlan's starts against LI.

It's win and keep playing for the Vitamen. Here we go:

- T2 Jimmy Mac singles with one out, his 90th hit; but a 4-6-3 ends the inning quickly.
- B2 Lord with a single, the 1st HP hit. Three more singles, the bags are full, and a run has scored. HP 1-0. Two more hits, a double from Hooper, and it's 5-0 Vitamen!
- T3 The Islanders storm back, with three singles to open the inning. Then Daubert triples, and suddenly the lead is cut to two, 5-3. Scanlan finally records an out, but it is now a 1-run game. 5-4 HP.
- B4 Vitamen get one back in the 3rd and load the bases in the 4th; but Jimmy Mac starts 4-6-3 DP to end the threat. Hal Chase doubles home a pair with 2-out in the 6th, ending Farmer Ray's day (30 BF, 1 walk, 1 strikeout, 8 runs.) Fred Miller replaces him. He got out of the 6th okay, but with Scanlan having found his groove, HP just kept putting the ball in play, and the Isles played hockey with it, slapping and kicking the ball all around the rink. Three errors and a bunch of hits later, the score was 11-4 HP. Even Red Braun got to take a swing (for Hal Chase).

Before it was over, HP had emptied the bench. Doc Scanlan had allowed 4 runs in the 3rd inning, but no more after that, tossing SIX NO-HIT, NO-RUN innings! A complete game win!

The Vitamen are just one win away from a tie-breaker with the Ainspans. But still one win away.

-Game 5 Pregame:

- The Spiders are down to their 4th Starting pitcher, Rube Manning.
- '23 Skidoo and Me' says he's the Great Grandfather of Archie and Peyton, so you know he can throw.
- South Starrucca will also dip down into their quiver of starting pitchers and produce Dixie Walker. This isn't the famous Dixie Walker of Brooklyn Dodger fame, this is a Faux Walker from 1910. I can't find any reference to how he got the nickname of 'Dixie', but his real first name is "Ewart". So Dixie, Pixie, and Trixie all rank as more appealing names to go thru life with.
- Cleve has scored a total of 4 runs in 4 games. I can figure the R/Game using just my left foot. They are due to break out, plus they don't' want to end the season being beaten by a guy named 'Ewart'.

Here we go:

GAME 5:

- It's a scoreless game into the 3rd.....then Rip Van Spider finally wakes up!
- Cleve strings together 4 hits, a walk, and some stolen bases and comes up with 3 runs! That's what they've scored in the last 3 games!
- And since the Spiders believe in the old adage of "Good things happen in 3's", they go out and repeat the process in inning 6 and inning 7.
- Their bats finally wake up
- -Rube Manning is tossing perfect spirals to the plate for Cleveland, and has only given up 1 run to Starrucca thru 6 innings. He tires a bit in the later innings and the Spans start putting up runs.
- But its too little, too late, and Cleveland salvages the last game of the series with a score that sounds like a Dolly Parton movie; "9 To 5!"
- The Spidies wish they could reallocate those 9 runs to previous games, the series would have had totally different results.
- Starrucca takes the series 4 games to 1, and Hyde Park's fate in the division is in their own hands, and in Long Islands bats.

Game Five – And so the regular season has come to this. One win from finally catching the Ainspans, a season-long effort. Only LI's Ed Kinsella (2-7), making just his 7th start of the season, stands in the way; but Kinsella's one victory this season came against the Vitamen in June. Hyde Park put all their hopes in the capable hands of Fred Olmstead (10-9), who did not start against the Isles this season. Hopefully that will be to his advantage. And away we go...

- T1 LI gets 2 runners on, but Jimmy Mac chases one out of the zone for strike three!
- B1 Sheckard opens with a single. Two outs later Schulte drives him home! It's HP 1-0.
- B3 Chase doubles, scoring Hooper. HP 2-0.
- T4 Moriarty opens with a single, and Jimmy Mac doubles over 3rd. Quickly, the tying runs are on board. Chouinard strikes out, but the ball eludes Erwin. A run scores and everybody is safe! HP 2-1. Hauser walks to load the bases with none out! We need a DP really badly. Catcher Killefer is up, but he runs well for a catcher and has only hit into two DP's all season. Olmstead delivers...
- A bouncer back to the pitcher! Home for one... to 1st for two! Doubleplay!!! And no run scores! Yet. Two out now. Runners on 2nd and 3rd. 2-1 HP. The pitcher, Kinsella, is up. A good hitter, he's already singled in this game. The pitch...
- He walks!!! Brings up one of the Isles big bats, Jake Daubert, with the bags full. Olmstead delivers... and he rolls out to the pitcher!
- After all that, the Isles score one run, on a passed ball. HP still in front, 2-1.
- T5 Here they come again. Browne walks to open the 5th. Zack Wheat follows, but Olmstead has had enough. He goes up and in a drills Wheat on the elbow, knocking the biggest LI bat out of the game. But that still leaves 2 runners on and none out. Moriarty bunts the runners over, bringing up the slugging Jimmy Mac. The delivery... Called strike three! Mac can't believe it, but it's true! What's also true is that Chouinard followed with a triple, giving the Islanders a 3-2 lead!!
- B5 After two were out, Sheckard singles to right, steals second, and scores on Hooper's single. Tied up 3-3.

- B6 HP uses 3 singles to score the go-ahead run. They load the bases, but a DP doses the fire. HP 4-3.
- T8 After two are out, Olmstead walks two batters, bringing Kinsella to the plate again. He's a singles hitter; but he IS a hitter. HP elects to pitch to Kinsella, but LI calls on Jack Bliss to hit for the pitcher. Olmstead fires and Bliss flies out to center field.
- B8 The top of the LI order will lead off the 9th, so HP desperately needs to add some insurance runs. On to pitch for LI in the 8th is Jiggs Parson (2-1, 2 saves).
- Hal Chase leads off with a double to right center, moving to 3rd on Schulte's grounder. The LI infield moves in for the lefthanded Harry Lord, who grounds to first. The runner has to hold! Now two outs and Wallace is up. Infield moves back... grounder to short. No score.
- So we go to the top of the 9th. HP holds a one run lead, 3 outs away from a tie-breaker. With two fresh lefties ready in the pen, HP elects to let the righty-tossing Olmstead face the lefty slugging Daubert. He has 7 home runs this season. The entire HP populace holds their collective breath...
- It's a high fly ball to deep right center... Sheckard's racing to the track... so's Hooper... so am I... no chance to get there for me... but Sheckard does and brings it down!
- Oh, my! One away. BP rapidly rising... and that's it for Olmstead. He'll make way for lefty Slim Sallee (5-7, one save) to face the lefty-swinging Browne and Strunk.
- And Browne singles to right! And Strunk singles! The tying run is now at 3rd. Moriarty grounds to 2nd for the 2nd out, but the tying run scores. 4-4. And Jimmy Mac is up with the potential go-ahead run on 2nd. No, we are not going to pitch to him. We'll take our chances with Chouinard, who has already hit a triple in this game. He pops to short, and we go to the bottom of the 9th, tied 4-4.

B9 – Shean flies out for the 1st out. Catcher Billy Sullivan is next. He pops it straight up, but Killefer lets the ball hit off his mitt, allowing Sully to reach base safely. Pitcher Slim Sallee bats for himself and lays down a bunt to the right of the mound. Parson picks it up and goes to Jimmy Mac covering 1st. But Mac drops the ball trying to find the bag! E-6 on Mac, and the potential winning run is on 2nd. Sheckard at the plate. And he walks!!!! The bases are loaded with just one out. Next up is Harry Hooper. He has hit into 11 DPs this season, but LI elects to pull the infield in. Newnam comes in to run for Sullivan at 3rd... Parson sets. The delivery...

IT'S BALL FOUR! HE WALKED HIM!

IT'S OVER!! VITAMEN WIN!!!

The contract with the players Union has been settled, they have agreed to play an extra game, for which they were handsomely compensated.

What they didn't agree to was to make it exciting.

I can sum up this game with:

"Starrucca gets a walk from their pitcher, followed by a walk from their leadoff hitter, followed by a run scoring single from the 2nd place hitter."

That's it.

That's all she wrote.

Both starting pitchers, the Aces of their staffs, were as good as they could have been. Only 1 run scored tonite, and I don't recall much of any other rally that would give either of us 'baseball fever'.

This was more like a diabetic coma.

There was less action then on my honeymoon. (well, that's not completely true, the hotel tv DID carry Cinemax After Dark.)

Starrucca finishes the game with a 1-0 decision to break the Division tie and win the Mahley Division.

Congratulations to Hyde Park for mounting a consistent charge the last $\frac{1}{4}$ or so of the season, when they found themselves down by about 6 games and they started chewing away at the lead, a game at a time, series by series. Then beating Starrucca $\frac{3}{2}$ in their final head to head series.

Coming into this Tie Breaker, they had beaten Starrucca 10 out of 18 games, with most of them being close. This one couldn't have been any closer, but it was like a hockey game where the players can only wear one skate. Just very little action for a Championship game.

Around the 7th inning or so, one of the Zoom spectators had their video go black, and then next thing we saw was on their screen:

But, its also the situation where after 154 games, both teams deserved to win, but only one of them can. We got lucky, again, that the Hyde Park offense just took the <u>nite</u> off, <u>cuz</u> there <u>ain't</u> too many other ways to win a game when you only score 1 run.

Team	1	2	3	4	5	6	7	8	9	R	Н	E	LOB
South Starrucca Ainspans	0	0	0	0	0	0	0	1	0	1	3	1	5
Hyde Park Vitamen	0	0	0	0	0	0	0	0	0	0	2	0	2

I believe Starrucca and Hyde Park will both be fighting for the Division again next season, they both look like they will have very equally matched teams. I wish the Vitamen the best, and lets do it again next year!

Marty

Turin led the league in ERA and shutouts. Buffalo had the most strikeouts and tied Bergen with the least Hit Batters. The Cleveland Spiders pitched the most innings, allowed the fewest hits and lowest OBA. South Starrucca issued the fewest walks and had the most saves. The Cleveland Naps had the most complete games. Bradenton had the most Quality Starts and allowed the fewest home runs. Bergen and London tied with the fewest wild pitches.

Hyde Park led in fielding, allowed the fewest unearned runs, and the fewest stolen bases with the lowest success rate for base stealers. Pittsburgh had the most double plays. Bradenton had the fewest passed balls. Waukesha had the most assists (2000) while the Cleveland Spiders had the most put outs. London and Grand Rapids each threw out a league high 81 base stealers. We had no triple plays.

April 14
Bradenton's Jack Coombs
lost his 1-hitter, 1-0 against
Cleveland Spider Cy
Morgan who threw a 4-hit
shutout. Tommy Leach
drove in the game's only
run with Cleveland's only
hit, a 6th inning single.

MORGAN, ATHLETICS AMER.

April 14 Long Island's Bill Sweeney led off the game with a home run, and later drew a walk, but that was **ALL that Dolly** Gray allowed today, pitching 13 innings of no-hit ball after that, and surviving 4 Nap errors behind him to win, 2-1 for Cleveland. This was the only Nap 1hitter of the season and earned Dolly a game score of 105.

April 16 - Ed Walsh threw a 1-hitter for the Cleveland Spiders, winning 6-1 in Bradenton. A single

"BIG" ED WALSH

by Kid Elberfeld, 3 walks and 4 errors did produce one run.

April 17

King Cole pitched 8 shutout innings, allowing only a Rube Oldring single. Rube Benton pitched the 9th to complete the 7-0 1-hit Hyde Park victory over Cleveland

Naps

April 18

George Bell walked 3 but only allowed a Clyde Engle single as Grand Rapids defeated Hereford, 2-0 despite 2 errors.

May 1

Louis Drucke threw 4 innings of no-hit ball, followed by Bob Harmon, who did the same for South Starrucca, who thumped Long Island, 15-2. Jim Moroney took the mound, giving up an RBI single to Zach Wheat while retiring one hitter. Doc Crandall got the final 2 outs to

complete the combined 1-hitter.
